

Andorra price transparent single-mode optical cable

Overview

View Eland Cables' range of singlemode and multimode fibre optic cables - loose tube and tight buffered.

Key Takeaways

Transparent single-mode optical cables are available from European suppliers like Elfcam, with fast shipping to Andorra and professional-grade specifications. Product Overview

Elfcam offers an ultra-fine, nearly invisible single-mode optical fiber cable (OS2) with insertion loss ≤ 0.30 dB and return loss ≥ 60 dB, ensuring stable optical transmission and minimal signal reflection. The cable is CE and RoHS compliant, suitable for FTTH installations, enterprise networks, and demanding technical environments. Each unit is individually tested, comes with a 10-year warranty, and includes 24/7 customer support from France, which allows for fast delivery to Andorra without customs delays. Other suppliers like Fiber4u and Eland Cables provide customizable single-mode fiber solutions, including armored options, flexible sheathing materials (PVC, LSZH, OFNR, OFNP), and project-specific designs. These suppliers offer project-based pricing, which can be obtained by contacting them directly via phone, email, or WhatsApp.

Technical Considerations

- Core diameter: Typically 8–10 μm for single-mode fibers.

- Transmission distance: Suitable for long-distance data transmission (>100 km) with minimal dispersion .
 - Applications: Ideal for telecommunications, internet, cable TV, fiber lasers, interferometric sensors, and precision optics .
 - Compliance: CE and RoHS certified, ensuring safety and environmental standards .
- Pricing and Ordering

Exact pricing for Andorra is not listed online. However:

- Elfcam: Offers fast shipping from France; price inquiries can be made via their website or customer support .
- Fiber4u: Provides cost-effective rates for project-based orders; contact required for a quote .
- Eland Cables: Offers international logistics and fast delivery; pricing depends on cable type, length, and customization . For Andorra, contacting these suppliers directly is recommended to obtain accurate pricing, shipping costs, and delivery times.

Recommendation

For a transparent, high-quality single-mode optical cable in Andorra, Elfcam is a reliable option due to its tested performance, warranty, and fast shipping from France. For customized or bulk orders, Fiber4u and Eland Cables provide flexible solutions with project-specific pricing. Ensure to specify cable length, sheathing type, and any environmental requirements when requesting a quote.
