

Cable management clips for network cabinets

Overview

StarTech 100 Adhesive Cable Management Clips, Black, TAA These self adhesive one-piece black cable clamps provides an easy way to secure and organize cables.

Key Takeaways

Cable clips for network cabinets help organize, secure, and route network and power cables efficiently, available in adhesive, screw-mounted, and rack-specific designs. Types of Cable Clips

1. **Adhesive Cable Clips** These clips use strong 3M or similar adhesive backing to attach to metal, wood, or plastic surfaces inside network cabinets. They are ideal for light to medium cable bundles (up to 0.47 in / 12 mm diameter) and are easy to install without tools. Many are UL94 V-2 fire rated and suitable for Ethernet, power, coaxial, and audio/video cables .
2. **Screw-Mounted or Nail-In Clips** These clips provide a more permanent solution for heavier cable bundles or high-traffic areas. They can be mounted directly to the cabinet frame or wall and are available in various sizes to accommodate flat or round cables, including Cat6, Cat7, and Cat8 Ethernet cables .
3. **Rack-Specific Clips and Cable Management Accessories** For 19-inch racks and network cabinets, specialized clips, cable management bars, and horizontal or vertical cable organizers are available. These include clip nuts, U-type mounts, and cable sleeves that attach directly to rack rails, keeping cables neatly routed and accessible for maintenance .

Key Features to Consider

- **Material:** Nylon or plastic for durability; some are fire-rated for safety.
- **Bundle Size:** Choose clips that match the diameter of your cables (small: 0.2–0.26 in, medium: 0.47 in, large: 0.67 in).
- **Mounting Method:** Adhesive for easy installation, screw/nail for permanent setups, or magnetic for flexible repositioning.
- **Compatibility:** Ensure clips fit standard rack sizes and allow proper airflow around equipment.
- **Quantity:** Packs range from 20 to 400+ clips depending on cabinet size and cable density .

Recommended Sources

- **StarTech:** 100-pack self-adhesive clips, UL94 V-2 fire rated, suitable for network and office cables .
- **Bud Industries:** Rack accessories including cable management bars and clip nuts for professional enclosures .
- **Newegg & eBay:** Wide selection of adhesive, screw-mounted, and rack-specific clips for Ethernet and power cables .
- **McMaster-Carr:** Industrial-grade cable clips and tie mounts for heavy-duty applications . Using the right cable clips improves airflow, reduces cable strain, and simplifies maintenance in network cabinets, ensuring a clean and professional setup.
