

Cable tray support and cable clamp manufacturer

Overview

Cable Tray Supports & Clamps MP Husky cable tray clamps are the most reliable, highest quality, and cost effective cable tray clamps in the industry. Prope.

Key Takeaways

Leading manufacturers of cable tray supports and clamps include MP Husky, PohlCon, Thomas & Betts, Niedax, and Wibe Group, offering durable, high-quality solutions for industrial and commercial installations.MP Husky

MP Husky specializes in cable tray supports and clamps engineered for rigid structural support in industrial and commercial applications. Their products include high copper alloy clamps, grounding clamps, heavy-duty hold-down clamps, expansion guides, and C-clamps. These clamps can attach cable trays to C-channels, beams, and I-beams, with maximum allowable loads ranging from 300 to 400 lbs. They are designed for easy installation, reducing field labor costs, and are available with tin plating or unfinished iron options for different environments .

PohlCon

PohlCon provides a wide range of cable tray accessories, including connecting plates, gutter connectors, separating strips, protective rings, and fastening hardware. Their systems cover mesh trays, cable ladders, wide-span systems, vertical ladders, floor ducts, and rigid conduits, suitable for both commercial and industrial applications. PohlCon emphasizes modularity and compatibility across different cable support systems .

Thomas & Betts

Thomas & Betts offers reliable and adaptable cable tray wiring systems that are low-maintenance and cost-effective. Their solutions are designed to be flexible for changing project needs and provide safety advantages over traditional conduit systems. They focus on industrial and commercial wiring applications, ensuring long-term reliability and ease of maintenance .

Niedax

Niedax manufactures cable management systems and fastening materials in steel, stainless steel, GRP, and PVC. Their portfolio includes offshore cable trays, mesh trays, cable ladders, and support structures, suitable for extreme weather, aggressive chemicals, and outdoor environments. They also provide BIM objects for design integration and offer technical support for large-scale projects .

Wibe Group

Wibe Group produces robust cable ladders, mesh trays, and wall trunking for commercial, industrial, and offshore applications. Their systems are designed for ease of installation and durability, supporting environments ranging from data centers to chemical plants. Wibe is recognized for the original hexagonal steel ladder and offers a complete cable management system including clamps and supports .

Summary

When selecting a manufacturer, consider:

- Material: Steel, stainless steel, aluminum, or GRP depending on environment
- Load capacity: Ensure clamps and supports meet project requirements
- Installation type: Beam clamps, C-clamps, or hold-down clamps
- Application: Indoor, outdoor, offshore, or industrial environments These manufacturers provide comprehensive solutions for secure, durable, and efficient cable tray installations across a wide range of industries.
