

Dubai Fiber Optic Cable Connector Protection Box Price

Overview

Fiber Optic Drop Cable Protection Box #11416 Price in The fiber optic drop cable protection box is a case to put in a cable with a thermal protection tube.

Key Takeaways

Fiber optic cable connector protection boxes in Dubai range from approximately AED 50 to AED 300 depending on type, capacity, and features. Overview

Fiber optic protection boxes, also known as optical distribution boxes (ODBs), are used to house and protect fiber optic cable terminations, splices, and connections. They are essential for both indoor and outdoor deployments, including Fiber-To-The-Home (FTTH) networks, and help prevent damage from dust, moisture, and physical impact while organizing multiple fiber connections .

Price Range in Dubai

- Basic Drop Cable Protection Boxes: Small indoor/outdoor boxes suitable for single or few fiber connections are priced around AED 50–100. For example, a fiber optic drop cable protection box measuring 103x12mm and weighing 0.005kg is designed for 2.0/3.0/0.9/0.25mm cables and can withstand temperatures from -40°C to 75°C, with a service life over 10 years .

- **Mid-Range Terminal Boxes:** Waterproof IP65-rated boxes for 12-core FTTH fiber optic distribution are available for AED 150–250. These boxes are made of durable PC+ABS material, suitable for both indoor and outdoor use, and can accommodate optical splitters and multiple connectors .

- **High-Capacity or Specialized Boxes:** Larger distribution boxes with higher port capacity or advanced features may cost AED 300 or more, depending on brand, material, and additional functionalities like wall or pole mounting .

Features to Consider

- **Indoor vs Outdoor:** Outdoor boxes are weatherproof and UV-resistant, while indoor boxes are typically plastic and protect against dust and limited moisture .

- **Capacity:** Boxes vary from a few ports to hundreds, depending on network requirements .

- **Mounting Options:** Wall-mount and pole-mount options are available for space-saving or aerial deployments .

- **Durability:** Look for IP65 or higher ratings for waterproofing and anti-aging materials for long-term use .

Suppliers in Dubai

- **Structured Cable Info:** Offers a variety of fiber optic distribution boxes for indoor and outdoor use .

- **Treee.ae:** Lists drop cable protection boxes with detailed specifications and pricing .

- **Amazon.ae:** Provides IP65-rated terminal boxes with 12-core capacity and online purchase options .

- **Cables House:** Supplies a wide range of fiber optic accessories including distribution boxes, splitters, and connectors . When purchasing, consider bulk orders for cost savings and check for warranty and compatibility with your existing fiber optic network.
