

Kuwait Fiber Optic Cable Detector Manufacturer

Overview

KATEC - Kuwait Advanced Technology KATEC provides premium cables and accessories, serving industries since 1979 with expert guidance, reliable Fiber Network.

Key Takeaways

Kuwait has several reputable suppliers and manufacturers of fiber optic cable detectors and related network testing equipment, including KATEC, Alwassen, Alphatech, and international distributors like OZ Optics. Key Local Manufacturers and Suppliers

1. KATEC (Kuwait Advanced Technology Co.) KATEC has been a trusted provider of network solutions since 1979, offering a wide range of fiber optic cables, accessories, and installation services. While primarily a cable manufacturer, KATEC also provides tools and components for network testing and monitoring, including fiber optic solutions suitable for industrial and commercial applications . 2. Alwassen Electronics Company Established in 1994, Alwassen specializes in optical fiber networks, structured cabling, and telecommunications infrastructure. They supply fiber optic testing equipment such as multifunction network cable testers, fiber inspection tools, and OTDRs. Their products include the Noyafa NF-8508 9-in-1 multifunction tester for both fiber optic and Ethernet networks . 3. Alphatech Company Founded in 2001, Alphatech provides comprehensive fiber optic services, including connector termination, splicing, and OTDR testing. They also offer fiber optic panels, crimping tools, and LAN testers, making them a key provider for both installation and maintenance of fiber optic networks in Kuwait . 4. OZ Optics (International Supplier) Although based in Canada, OZ Optics supplies fiber optic components and sensor systems globally, including live fiber detectors, visual fault locators, and OTDR equipment. Their products are widely used for monitoring pipelines, bridges, and other critical infrastructure, and they can be sourced in Kuwait through distributors . 5. Mejdaf Fiber Testers Mejdaf offers specialized fiber optic testing tools such as live fiber detectors (LFD-200), fiber identifiers, and OTDR kits. These devices are designed for field testing, troubleshooting, and maintenance of fiber optic networks .

Considerations for Choosing a Supplier

- **Product Range:** Ensure the supplier provides the specific type of fiber optic detector you need, such as live fiber detectors, OTDRs, or visual fault locators.
- **Local Support:** Companies like KATEC, Alwassen, and Alphatech offer on-site support and installation services, which can be critical for large-scale projects.
- **Compliance and Quality:** Look for ISO-certified manufacturers or distributors with products approved for industrial or commercial use.
- **Integration Services:** Some suppliers also provide structured cabling, network design, and maintenance services, which can streamline deployment.

Contact Information

- **KATEC:** Building No: 299, Street 31, Al Rai Industrial Area, Kuwait; Phone: +965 2475 4837; Email: kateckuwait@gmail.com
- **Alwassen:** Kuwait City Branch, Shop No. 6, Hassan Ahmad Ibrahim Bldg., Mubarak Al-Kabeer St.; Phone: +965 22447817
- **Alphatech:** Shuwaikh Industrial Area, Kuwait; Phone: +965 22447817
- **OZ Optics:** International distributor; Email: sales@ozoptics.com These companies collectively cover manufacturing, supply, and testing of fiber optic cables and detectors, making them suitable partners for telecommunications, IT infrastructure, and industrial fiber optic projects in Kuwait.
