

Suriname power cables

Overview

Do I need a power adapter for Suriname?

Suriname uses power outlets and plugs of types A, B, C & F. Take a look at the pictures below to see what these plugs and power sockets look like: Doesn't look familiar?

Do the outlets look different in your country?

You'll need a power plug. Suriname Type F power cords are black as standard color. Terminated, custom stripping, hanked Suriname cords available. IEC 60320 C-15 120C connector available on some Suriname AC. Suriname detachable power cords and power supply cords supplied by International Configurations, Inc. Type F terminology, indicated above for Suriname power cord plugs, is an alphabetical letter classification coding system. The voltage in Suriname is 110 volts and the frequency is 60 Hz. Dangerous situation: a type B plug is still connected to the mains, even when it's pulled halfway out! Although Suriname has standardized on the American plug and socket system, some hotels offer European-style type C and F sockets.
