

UK buried optical fiber cable manufacturer

Overview

Using Lucent OFS and Prysmian fibres, Tratos manufacture the complete range of Fibre Optical Cables used by BT (British Telecom), (NR) Network Rail and other National and International bodies. Our aim is for every customer to receive the best quality products, on time as well as before and after sales customer and technical support. We are here to make sure that all. With dedicated research and development laboratories and fibre plants across the world, Prysmian is a world leading manufacturer of optical fibre, working at the cutting edge of speed and reliability. Contact us on 0115 972 4483 for UK-wide delivery. The cable is based on a multi loose tube construction with SZ design around a central strength member of fiberglass-reinforced plastic (FRP) which facilitates mid-span access.

Article Content
